

SCIENCE PARK PRETORIA

There is a growing acknowledgement that significant technological innovation is required for South Africa to achieve international competitiveness. In order to grasp the many emerging global opportunities, the establishment of The Park as a high-tech cluster – and the first internationally benchmarked Science Park in Africa – creates an environment where international businesses can access a regional centre of knowledge creation and provides a gateway for local businesses to successfully launch into the fast moving world of global interconnectivity.

Business Purpose of The Park

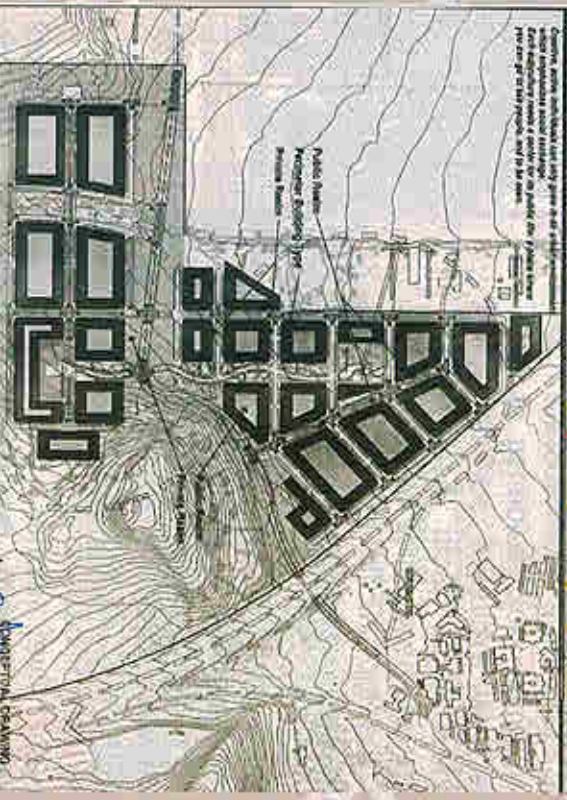

- To support hi-tech company formation and growth in the local economy through the creation of a "unique space" and associated facilities.
- To provide key value-adding business services that support the growth and globalisation of local technology-rich business enterprises.
- To increase the wealth of the local hi-tech and "knowledge intensive" community, promote a culture of innovation, and stimulate the competitiveness of both companies and knowledge-based institutions.

Tenant Focus

- From large multi-nationals in owner-built facilities; to small and medium enterprises in rented premises; through to knowledge-age entrepreneurs accommodated in a Business incubator that assists entrepreneurs from previously disadvantaged backgrounds define their product offerings and test their acceptance in the market, as well as facilitates the accelerated growth of high-tech start-up companies. Companies operating in a selected group of technology-led and research-based sectors, including information and communications technology, biosciences, electronics, and advanced materials and manufacturing.

Location

- Located in the heart of Gauteng.
- Situated on a unique 60 ha site in the eastern suburbs of Pretoria.
- Close to the city centre, leisure and recreation facilities and direct routes to Johannesburg and the Johannesburg International Airport.
- Controlled and secure access.
